

Multipoint Controller - CCL-CML

Type	CCL-CML
Code	490015
Power Supply	
Input voltage	230V AC 1P+N+PE
Nominal input power	60W
Input frequency	50/60Hz
Network connection	
LAN network	Ethernet RJ45
SL charging point	RS485 Modbus
Scalable master WB control	32 WB points
General	
Enclosure Material	Steel metallic body
Operating temperature	-10 to +45c°
Operating Humidity	To 95% RH Non-condensing
RFID reader system	ISO/IEC 14443A/B
LCD Display	10.4" XGA TFT LCD touch screen
Interface Integration protocol	OCPP / XML
Power limit control	Maximum demand management
Net weight	6kg
Software	
OS	Linux operation system
Scada management control	Circularlife scada
Optional devices	
Wireless Communication	3G/GPRS
Extended Temperature range	Heater (-30 to +50C°)
Meter	Utility company own meter
AC Analyzer	AC Power Quality Analyzers
Harmonics	Active harmonic filter
